PROGRAM NOTES

Aid to Families with Dependent Children (AFDC) Increases marked this program during March. Expenditures were particularly noteworthy, advancing $267,262 (1.4%) for the ninth consecutive month of growth.

Payments totalled $19,203,140 during the month. This was $2,919,289 (17.9%) higher than March one year ago. This relates to an average monthly growth of 1.5%. Most of the yearly increase, $1,808,208 (61.9%) was for the Regular segment while $1,111,081 (42.4%) was due to the growth of the Unemployed Parent segment.

The major factors influencing this expenditure increase was case load growth induced by poor economic conditions and the 7% increase in budgetary standards, effective February 1983, which increased costs by about 7.5%.

Cases during March totalled 48,690, 1,259 (2.7%) more than February. Since March 1982, cases increased by 3,283 (7.2%). This relates to an average monthly increase of 274 (0.6%). Most of this increase, 2,073 (63.1%), was because of Unemployed Parents, whereas the remainder, 1,210 (36.9%) were Regular cases. The graph below displays the case changes by month for the Regular and Unemployed Parent segments from March 1982 to date.

December	+ 238	+ 603
January 1983	+ 258	+ 603
February	+ 240	+ 436
March	+ 720	+ 539

The downturn in Unemployed Parent cases in October and November 1982 is the result of a federal extension of unemployment insurance benefits (Federal Supplemental Compensation), which went into effect on September 12, 1982. The new benefit program provided for 10 weeks of additional employment insurance in Minnesota to those employed individuals who had exhausted their regular benefits after June 1, 1982, but who would have been eligible to receive benefits from this program if it had been in effect at the time they exhausted their benefits.

Emergency Assistance (EA) The emergencies of Eviction and Utilities played a major role in increasing case load and expenditure levels during March.

This program served 795 families during the month, 171 (27.4%) more than February. The emergency of Eviction sustained a 63-family increase while 65 were brought in because of utility payment problems.

Expenditures totalled $252,731 during March for a monthly advance of $59,390 (30.7%). Approximately $34,000 of this occurred because of Eviction, while $17,000 was related to Utilities.

Most of the growth within the Eviction emergency occurred in Hennepin County, which sustained a $37,351 increase. Most of this, $24,841 (66.5%), occurred within the AFDC segment.

The change within the emergency of Utilities was not so centralized but rather occurred in all county categories. The suburban counties led the advance with a gain of $8,480 (96.2%) followed by the urban at $7,666 (59.3%) and rural at $894 (4.7%). AFDC families sustained a 79.3% increase in Utility expenditures during March compared to 13.8% for non-AFDC (Other) families. Most of the AFDC gain within this emergency occurred within the urban counties as can be seen in the following table.

Minnesota Supplemental Aid (MSA) Higher recipient numbers and lower expenditures marked this program during March. Recipients totalled 9,969 during the month, 41 (0.4%) above February while expenditures declined by $23,167 (2.1%) to $1,090,131.

These changes were focused entirely within the Disabled category, which sustained a recipient advance of 43 and an expenditure decline of $23,167.

The Disabled recipient increase occurred because of a growth in the number (+38) of Initial (new) cases. By comparison, the payment decline was attributable to a $22,615 (31.7%) reduction in corrective payments.

March's payment decline was prompted by lower expenditures in the urban counties as can be seen in the following table. This change was focused in Hennepin and Ramsey Counties and resulted from a reduction in Initial and Corrective payments. This decline was further augmented by higher refunds and cancellations.

MSA
Payments by County Type
March and February 1983 Compared

	March	February	Change Number	Change Percent
Urban	$ 522,933	$ 566,904	-$43,971	-7.8%
Suburban	133,989	122,624	11,365	+9.3%
Rural	$ 433,209	$ 423,770	$ 9,439	+2.2%
State	$1,090,131	$1,113,298	-$23,167	-2.1%

The suburban advance reflects higher initial costs within Clay ($5,929) and Olmsted ($2,825) Counties. This, coupled with lower refunds, accounted for nearly all of the gain reported by the suburban counties.

The rural county increase occurred in Blue Earth, Cass and Winona Counties, up $3,243, $9,258 and $3,239 respectively. Higher Current and Initial payments in Blue Earth and Winona Counties plus a $3,694 increase in Winona County's corrective payments contributed to the monthly rural payment advance. However, the $8,722 reduction in Cass County's refunds and cancellations was the major influence behind the rural county expenditure change.

General Assistance (GA) The total number of persons receiving GA for March 1983 was 11,659. This was 184 (1.6%) more than February 1983 and 3,376 (40.8%) more than March 1982. The average grant (gross dollars) per person for March 1983 was $219.15. This was $30.06 (15.9%) more than February 1983 and $4.97 (2.3%) more than March 1982.

Application activity increased compared to February. The number of applications received was 18.5% higher and the total applications on hand increased by 17.8%. The number of applications disposed of increased by 19.3% to 4,078. Of these, 3,355 (82.3%) were approved.

The 3,355 cases added in March brought the total cases eligible to 11,801. This was an increase of 2.7% compared to February. Payments were made for 9,997 (84.7%) of the eligible cases. There were 3,046 cases closed which left 8,755 eligible cases continued to April.

Medical Assistance (MA) The decline in the monthly payments for Medical Assistance resulted directly from the difference in the number of days of long-term care that were included in the payment cycle. The payments during March covered 28 days, while payments in February were for 31 days. This necessitated a March payment for long-term care that was 10.1% smaller than February's. The difference of $4.6 million was partially offset by increases in costs for other services, notably Inpatient Hospital, producing the net decline of $3.3 million in payments for Medical Assistance.

In this month-to-month comparison, the number of eligibles rose 2.8% with the net addition of 6,354 persons to the eligible roll. The number of recipients was only 0.3% higher than last month, representing 426 more people receiving benefits from Medical Assistance.

Comparing to one year ago, the monthly payment increased $3.9 million from last March, a change of 6.5%. The increase was largely in long-term care, which had $3.0 million (7.8%) more in the payment for this year. These increases in costs came while the number of recipients decreased very slightly. The dip of 1,111 people was 0.8%.

(1)This table represents state Medicaid system payments plus payments made by counties to primarily medical vendors not covered by the central payments system. Also, in this table, each person is counted under all service categories for which payment is made in his/her behalf during the month.

(2)Recipient recoveries represent third party collections such as health insurance payments, tort recoveries, and estate settlements, which cannot be tied directly to a specific service billing. The dollar values under this category are always negative.

(3)An additional $1,580 was paid out for EPSDT services during the month; however, these charges were billed in a different fashion and are included under other service types such as Public Health Clinic, Physician/Osteopathic Services, etc. Existing reports do not break these charges out separately.

(1)AFDC, EA, MSA and GA - June 1983 data subject to minor adjustments.
(2)AFDC "Grand Total" cases - June 1982 is an unduplicated count; therefore, cases by segment will not add to total.
(3)GAMC - June 1983 are systems totals only. GAMC - May 1983 is subject to adjustment.

TECHNICAL NOTES

Public Assistance Programs: Applications and Cases Table	Application activity for the AFDC Program does not include applications for medical only needs.
Minnesota Public Assistance Activity Table	Under MA, total Persons Concurrently Receiving AFDC are not included when calculating the total number of persons receiving assistance. This is done to unduplicate the total count since these people are already counted under the AFDC Program. The GA total net payment data is preliminary and subject to occasional change, so the figures for earlier months may be different from the figures originally published for those months.
Table I	This table does not include cases and payments made under the Emergency Assistance Program.
Table III	The sixteen (16) counties identified by the Census Bureau as metropolitan (i.e., SMSA) are separated into urban and suburban. The urban counties are Hennepin, Ramsey and St. Louis, and the suburban counties are the thirteen (13) other SMSA counties. These counties are noted (U) and (S) respectively. Two multi-county agencies are labelled as follows: F-M-W HSB includes Faribault, Martin and Watonwan Counties; Region VIII North includes Lincoln, Lyon and Murray Counties.
Tables VI & VII	Recipients are people on whose behalf payments were made during the specified month by the State's centralized medical payment system. Recipients are divided into two categories: (1) Those whose Medical Assistance eligibility is based on receipt of cash assistance from AFDC, SSI or MSA. (2) Those whose Medical Assistance eligibility is <u>not</u> based on receipt of cash assistance from those programs (MA-Only recipients).
